

Please DO NOT allow the NAB to choke out their compediters like XM radio by keeping them from broadcasting weather and traffic reports. We are willing to pay a monthly fee to XM radio for their services and we deserve the same services as the stations who charge advertisers to stay in business. I am not a high paid lobbyist, I am simply a consumer but my rights need your protection just as much as those who are able to contribute large sums of money to our legislators for their vote. Thank you, Mark Brechel
